

# FieldSmart Small Count Delivery (SCD)

## 1 RU Rack-Mount Panel

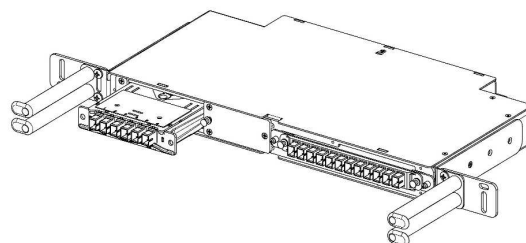

### Application

Cost-effective manner to provide fiber management protection in interconnect or cross-connect environments when landing a small number of fibers.

### Description

The FieldSmart SCD 1RU rack-mount panel provides a cost-effective means to rack-mount up to two Clearview devices: the 12-port Clearview Cassette or the 2-port, 4-port or 6-port Clearview xPAK in a single rack unit. The product is available as a 19" data cabinet-mount or as a 19" or 23" frame-mount unit. The FieldSmart SCD 1RU is intelligently designed to provide the user with superior fiber access while using craft-friendly radius protected fiber management for routing and deploying fiber jumpers.

### Features & Benefits

#### Integrity

- RUS listed
- Clearview devices provide compliance to Telcordia GR-326, GR-449, GR-20, GR-409, and GR 1221/1209
- Clearview devices support all industry standard SM/MM connectors

#### Protection

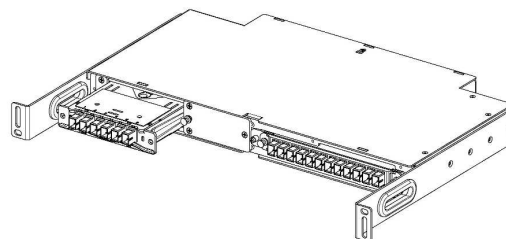

- Individual radius fingers or pass-through radius routing provides organized and intuitively managed fiber jumpers, minimizing pile up

#### Access

- Clearview device removable for hot-swap changes
- Front and rear access to panel
- Splicing integrated within the cassette for optimal protection and space utilization

#### Investment

- Fiber protection is optimized within the Clearview device. FieldSmart SCD extends this protection with minimal added cost or overhead
